INDEPENDENT AUDITORS' REPORT

Board of Directors Greenpeace Fund, Inc. Washington, DC

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Greenpeace Fund, Inc., which comprise the statements of financial position as of December 31, 2021 and 2020, and the related statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Greenpeace Fund, Inc. as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greenpeace Fund, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenpeace Fund, Inc. ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greenpeace Fund, Inc. internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenpeace Fund, Inc. ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Board of Directors Greenpeace Fund, Inc.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules of program grants and pass-through grants are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements December 31, 2021 and 2020

1. Nature of Operations

Greenpeace Fund, Inc. (the Organization) is a nonprofit corporation whose activities are directed primarily at protecting and preserving the environment. Activities are executed mainly through the consideration and funding of grants to other organizations. The Organization's primary sources of revenues are contributions from individuals and grants from organizational donors.

2. Summary of Significant Accounting Policies

Basis of Accounting and Presentation

The Organization's financial statements are prepared on the accrual basis of accounting and are in accordance with accounting principles generally accepted in the United States of America for nonprofit organizations. Net assets are reported based on the presence or absence of donor-imposed restrictions as follows:

- *Net assets without donor restrictions* represent funds that are not subject to donorimposed stipulations and are available for support of the Organization's operations.
- *Net assets with donor restrictions* represent funds that are subject to donorimposed restrictions that are met through specific actions of the Organization or through the passage of time. Net assets with donor restrictions include funds subject to donor-imposed stipulations that they be maintained in perpetuity by the Organization. The Organization did not have any net assets under donor-imposed stipulations that they be maintained in perpetuity at December 31, 2021 and 2020.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash Equivalents

The Organization considers as cash equivalents demand deposits and all highly liquid investments, which can be converted into known amounts of cash and have a maturity period of 90 days or less at the time of purchase. However, cash and cash equivalents such as Money Market Funds, held in the Organization's investment portfolio are included as a component of investments.

Notes to Financial Statements December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Investments

Investments are recorded at fair value. All unrealized gains and losses, realized gains and losses, and interest income, net of investment management fees are included in investment income in the accompanying statement of activities. Donated investments are recorded at their fair value on the date of receipt.

Notes Receivable

Notes receivable due from affiliates, are accounted for at cost plus accrued interest which generally approximates fair value.

Grants Payable

Grant commitments are charged to operations at the time the grants are approved by board of directors. Grants that are payable and considered long-term are recorded at their net present value. At December 31, 2021 and 2020, all grants payable are current and expected to be paid within one year.

Gift Annuities

Annuity obligations arising from split-interest gifts are recognized as charity gift annuity liabilities. The excess of annuity gifts over the estimated annuities to be paid by the Organization over the beneficiary's lifetime is recognized as contribution revenue when received and is included in without donor restriction net assets in the accompanying financial statements. The initial liabilities resulting from these gifts are measured at fair value using the present value of the future payments to be made to beneficiaries, and subsequent actuarial revaluations of gift annuity obligations are being reported as Changes in Split-Interest Agreements in the statement of activities. Investment earnings on assets held under charitable gift annuities are recorded as investment income.

Agency Transactions

The Organization acts as an agent for certain grants. The accompanying supplementary schedule presents pass-through grants received by the Organization that were designated to various third-party beneficiaries. The Organization does not have variance power over the funds and does not have a controlling financial interest in any of the beneficiaries. Accordingly, these funds are recorded as liabilities until disbursed. At December 31, 2021 and 2020, \$1,054,131 and \$827,131, respectively, were recorded as pass through liabilities within the statements of financial position.

Notes to Financial Statements December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition

Contributions, including unconditional promises to give, are recognized at fair value in the period received or pledged, whichever is earlier. All grants and contributions are considered to be available for without restriction use unless specifically restricted by the donor. The Organization reports grants and contributions as with donor restrictions support if they are received with donor or grantor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Contributions pledged through wills and estates are recorded as contributions at the time of notification from the estate at the anticipated amount to be received and are reported as additions to net assets with donor restrictions; however, they are reclassified to net assets without donor restrictions at the time of receipt. Such amounts are generally collected within one year and thus are not discounted to present value.

Functional Allocation of Expenses

The costs of the Organization's programs and other activities have been summarized on a functional basis in the accompanying statement of activities. The financial statements report certain categories of expenses that are attributable to one or more functions of the Organization. Those expenses include occupancy and maintenance costs, which are allocated based on personnel salaries. Salaries are allocated to functional areas based on estimated time spent on each activity.

Subsequent Events

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through June 22, 2022, the date the financial statements were available to be issued.

3. Liquidity

The Organization has \$35,039,556 and \$17,676,482 of financial assets available within one year of the financial statement position date consisting of the following at December 31:

	2021	2020
Cash and cash equivalents	\$ 32,908,597	\$ 14,987,851
Short term investments	1,454,143	1,380,746
Contributions and grants receivable	3,479,447	5,232,282
Less: Time and purpose restrictions	(1,748,500)	(3,097,266)
Less: Agency transaction payable	(1,054,131)	(827,131)
Financial assets available within one year	\$ 35,039,556	\$ 17,676,482

None of the financial assets is subject to time, donor or other contractual restrictions that make them unavailable for general expenditure within one year of the statement of financial position date. The Organization has a goal to maintain financial assets, which consist of cash, investments, and short-term receivables, on hand to meet 90 days of normal operating expenses, which were, on average, approximately \$2,513,200 and \$2,167,000 for the years ended December 31, 2021 and 2020, respectively.

4. Concentrations

Credit Risk

Financial instruments that potentially subject the Organization to significant concentrations of credit risk consist of cash and cash equivalents and investments. The Organization maintains cash deposit and transaction accounts, along with investments, with various financial institutions and these values, from time to time, exceed insurable limits under the Federal Depository Insurance Corporation (FDIC) and Securities Investor Protection Corporation (SIPC). The Organization has not experienced any credit losses on its cash and cash equivalents and investments to date as it relates to FDIC and SIPC insurance limits. Management periodically assesses the financial condition of these financial institutions and believes that the risk of any credit loss is minimal.

Market Risk

The Organization invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of financial position and activities.

5. Contributions and Grants Receivable

Contributions and grants receivable consist of the following at December 31:

	 2021	 2020
Estates and wills, net Grants	\$ 1,666,948 1,812,499	\$ 2,057,283 3,174,999
Total contributions and grants receivable	\$ 3,479,447	\$ 5,232,282

Contributions and grants receivable tabulated according to expected due date at December 31:

	 2021	 2020
Due in less than one year Due in one to five years	\$ 3,229,447 250,000	\$ 3,944,782 1,287,500
Total contributions and grants receivable	\$ 3,479,447	\$ 5,232,282

These amounts are recorded at net realizable value. The Organization provides an allowance for bad debts using the allowance method, which is based on management's judgment considering historical information. Accounts are individually analyzed for collectability and will be reserved based on individual evaluation and specific circumstances. When all collection efforts have been exhausted, the accounts are written-off against the related allowance. At December 31, 2021 and 2020, amounts are deemed to be fully collectible. No discount has been calculated for 2021 or 2020 as most significant receivables are due within one year at December 31, 2021 and 2020.

In addition to the estimate of the allowance for doubtful accounts, management periodically evaluates the values of the estates and wills receivables and adjusts accordingly. During the years ended December 31, 2021 and 2020, no amounts were written-down from the estates and wills balance and are included as a decrease to contributions in the accompanying statement of activities.

6. Investments

Investments are recorded at fair market value and are comprised of the following at December 31:

	2021		 2020
Cash and cash equivalents	\$	600,595	\$ 853,548
Mutual and exchange traded funds:			
Domestic equities		744,287	800,292
International equities		251,257	305,341
Government bonds fixed income		269,417	358,386
Intermediate-term fixed income		667,329	358,692
Equities:			
Domestic		4,809,532	4,058,323
International		1,726,167	1,519,919
Fixed income:			
Government Bonds		4,087,342	3,628,884
Corporate Bonds		1,394,519	 827,297
Total	\$	14,550,445	\$ 12,710,682

Investment income consists of the following for the years ended December 31:

	2021			2020			
Interest and dividends, net of investment fees of \$82,033 in 2021 and \$65,653 in 2020 Net realized and unrealized gains	\$	233,936 1,307,719	\$	111,925 1,437,585			
Total investment income	\$	1,541,655	\$	1,549,510			

Notes to Financial Statements December 31, 2021 and 2020

7. Fair Value Measurements

A fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value is established by accounting principles generally accepted in the United States of America. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

7. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Equities, mutual and exchange traded funds: Valued at the last sales price, or if there is no sale and the market is still considered active, at the last transaction price before year-end.

Certificate of Deposits, Corporate Bonds and Government Securities: Valued using quoted market prices for similar assets and liabilities in active markets.

Land available for sale: Valued using comparables in the geographic location where the land is held.

Split-interest agreement liability: Valued at the present value of future payments to beneficiaries, and the annual adjustment based on the latest actuarial information available.

The following table presents the Organization's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis (excluding managed money market funds not subject to fair value measurement) at December 31, 2021:

		20	021		
	 Level 1	Level 2		Level 3	Total
Assets					
Mutual and exchange traded funds:

International		1,519,919		-		-		1,519,919
Fixed income:								
Government Bonds		-		3,628,884		-		3,628,884
Corporate Bonds		-		827,297		-		827,297
Total Assets	\$	7,400,953	\$	4,456,181	\$	_	\$	11,857,134
Liabilities	<i>•</i>		.		<i>•</i>		.	
Split-Interest Agreement Liability	\$	-	\$	-	\$	894,091	\$	894,091

The following table provides a summary of changes in fair value of the Organization's Level 3 financial liabilities for the years ended December 31, 2021 and 2020:

	-	lit-Interest greement
Balance at December 31, 2019	\$	802,690
New gift annuities		-
Distributions to annuitants		(124,635)
Unrealized losses		216,036
Balance at December 31, 2020	\$	894,091
Gift annuities early terminations		40,000
Distributions to annuitants		(117,548)
Unrealized gains		(17,132)
Balance at December 31, 2021	\$	799,411

Notes to Financial Statements December 31, 2021 and 2020

7. Fair Value Measurements (continued)

The unobservable inputs used to determine the fair value of the charitable gift annuity splitinterest liabilities were discount rates and actuarial assumptions calculated based upon the Internal Revenue Service life expectancy tables and the adjusted federal midterm rate at the time the charitable annuities were established. Due to the nature of these financial instruments and rates applied to discount them, changes in market conditions and economic environment can impact the fair value of these financial instruments.

8. Related Party Transactions

Stichting Greenpeace Council

Greenpeace is a global environmental organization, consisting of Greenpeace International (Stichting Greenpeace Council –the Council) in Amsterdam and 28 independent national and regional offices across the world covering operations in more than 55 countries. These national/regional offices are independent in carrying out global campaign strategies within the local context they operate within, and in seeking the necessary financial support from donors to fund this work. Greenpeace International's main legal entity is "Stichting Greenpeace Council" (SGC). It is a Dutch Stichting -a foundation-type nonprofit entity-based in Amsterdam, the Netherlands. Although the Organization is a nonvoting member of the Council, all Greenpeace entities are influenced by decisions of the Council. However, the Organization has ultimate responsibility for and control over its own activities and decisions.

Greenpeace, Inc.

Greenpeace, Inc. recognized as a tax-exempt organization under Section 501(c)(4) of the Internal Revenue Code (IRC) and is exempt from income taxes except for taxes on unrelated business activities and provides management services to the Organization. Additionally, Greenpeace, Inc. and the Organization share certain management and general costs. All shared costs are charged to the appropriate entity based upon specific identification or are allocated based on time incurred. The Organization's share of such costs is then allocated to the various programs and support services included in the accompanying statement of activities. Total shared costs in 2021 and 2020 were \$346,454 and \$299,348, respectively.

Notes to Financial Statements December 31, 2021 and 2020

8. Related Party Transactions (continued)

Grants to Greenpeace Organizations and Shared Expenses with Greenpeace, Inc.

The Organization made grants to the Council for use in its worldwide activities. The Organization also provided grants to Greenpeace, Inc. to fund research and educational activities. The Organization also acts as an agent for pass-through grants in which the beneficiaries are other Greenpeace affiliates, as designated by the donors. Pass-through grants are recorded as liabilities until disbursed and are not included as a component of grant expense in the accompanying statement of activities.

Grants awarded to all related organizations were as follows for the years ended December 31:

	2021		 2020		
Grants to Stichting Greenpeace Council Grants to Greenpeace, Inc.	\$	8,028,130 5,100,000	\$ 7,702,130 5,979,586		
Total grants expense	\$	13,128,130	\$ 13,681,716		

Grants payable and other liabilities to all related organizations were as follows at December 31:

	2021			2020		
Grants payable to Stichting Greenpeace						
Council	\$	2,450,000	\$	3,557,130		
Due to Greenpeace, Inc.		3,509,780		3,721,894		
Grants payable to other Greenpeace affiliates		1,054,131		827,131		
Total grants payable and other liabilities	\$	7,013,911	\$	8,106,155		

Notes to Financial Statements December 31, 2021 and 2020

8. Related Party Transactions (continued)

Grants to Greenpeace Organizations and Shared Expenses with Greenpeace, Inc. (continued)

As of December 31, 2021 and 2020, amounts due to Greenpeace, Inc. include both grants payable as well as other liabilities due to Greenpeace, Inc. as a result of the management and general costs that are shared with Greenpeace, Inc.

Revolving Credit Note Receivable – Greenpeace, Inc.

The Organization has entered into a \$2 million revolving line of credit arrangement with Greenpeace, Inc. to help support Greenpeace, Inc.'s operations at rate of 7.25% per annum. The revolving credit receivable has a balance of \$-0- at December 31, 2021 and 2020.

9. Charitable Gift Annuities

The Organization has entered into irrevocable agreements with donors whereby in exchange for the gift from the donor, the Organization is obligated to provide an annuity to the donor or other designated beneficiaries over the life of the annuitant. The actuarially determined liability resulting from the annuity gifts was recorded at the date of the gift. These liabilities were subsequently re-measured at the present value of future payments to beneficiaries, and the annual adjustment based on the latest actuarial information available is reported in the accompanying statements of activities as a change in the value of split-interest agreements. Annuity obligations were \$799,411 and \$894,091 at December 31, 2021 and 2020, respectively, and are included in the accompanying statements of financial position. Contribution revenue recognized under these arrangements for the years ended December 31, 2021 and 2020 was \$-0-.

10. Net Assets With Donor Restrictions

Net assets released from restrictions were as follows for the years ended at December 31:

	2021		2020		
Satisfaction of program restrictions Expiration of time restrictions	\$	4,324,621 2,485,572	\$	5,494,310 1,832,763	
Total	\$	6,810,193	\$	7,327,073	

Notes to Financial Statements December 31, 2021 and 2020

10. Net Assets With Donor Restrictions (continued)

Net assets with donor restrictions are available for the following purposes at December 31:

	2021			2020		
Time and Purpose Restricted:						
Oceans	\$	1,412,500	\$	2,625,000		
Climate & Energy		161,000		102,215		
Forest		175,000		350,000		
Other programs		-		20,051		
Total Time and Purpose Restricted		1,748,500		3,097,266		
Time restricted		1,841,947		2,557,282		
Total Time and Purpose Restricted	\$	3,590,447	\$	5,654,548		

11. Income Taxes

The Organization is recognized as a tax-exempt organization under Section 501(c)(3) of the IRC and is exempt from income taxes except for taxes on unrelated business activities. No tax expense is recorded in the accompanying financial statements for the years ended December 31, 2021 and 2020, as there were no unrelated business activities. Management evaluated the Organization's tax positions and has concluded that the Organization has taken no uncertain tax positions that qualify for either recognition or disclosure in the accompanying financial statements.

12. General Contingencies

From time-to-time, the Organization may be a party to lawsuits or have claims pending against it. In the opinion of management, the ultimate liabilities, if any, resulting from such lawsuits and claims will not materially affect the financial position of the Organization.

During the year ended December 31, 2020, the World Health Organization declared the spread of the Coronavirus disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains businesses, and communities. The Organization responded to the pandemic by suspending all traveling and face-to-face meetings. The ongoing health crisis may affect various parts of its operations and financial results, including, but not limited to, reduction of acquisition revenue streams. As of June 22, 2022, the amount and likelihood of loss relating to these events is not determined and cannot be reasonably estimated as these events are still developing.
